ELECTION! ELECTION!

MAYOR'S OFFICE,
CITY OF RALEIGH, March 8, 1869.

In pursuance of a resolution adopted by the Board of Commissioners, notice is hereby given, that an election will be held on the 8th day of April, 1869, at the Court House, in this City, wherein the qualified voters of the City shall express their approval or disapproval of the question, whether the City of Raleigh shall borrow Fifty Thousand Dollars in the manner, and for the purposes mentioned in the following act of the General Assembly of North Carolina.

WM. H. HARRISON, Mayor.

AN ACT TO ENABLE THE CITY OF RALEIGH TO BORROW MONEY FOR CERTAIN PURPOSES.

The General Assembly of North Carolina do enact: SECTION 1. That for the purposes of paying present indebtedness of the City of Raleigh, and also for meeting the expense of improvements to be made for the same, the City is hereby authorized and empowered to issue bonds severally of such sums or denomination, payable at such time or times respectively, drawing interest at such rate, not exceeding eight per cent. per annum, payable half yearly, of such form and tenor, and transferable in such way as the Board of Commissioners of said City shall deem most judicious. The said bonds so to be issued shall be disposed of upon the best terms practicable. *Provided*, That said bonds be of the denomination of one hundred, and five hundred, and one thousand dollars, respectively, and in such proportion as may be deemed advisable, and *Provided further*, That said loan at all not exceed fifty thousand dollars, and the bonds having twenty years to run.

SEC. 2. That the Board of Commissioners of the City of Raleigh are hereby authorized and empowered, and it shall be their duty, to provide for the payment as well of the principal money as also of the accruing interest of the bonds to be issued under the power granted in the preceding section, by annually laying particular taxes for these special purposes on all the persons and subjects of taxation on which said Board of Commissioners now are or hereafter may be authorized to lay taxes, for any purpose whatever, and such taxes shall be collected and specially and exclusively applied to the satisfaction and discharging of the interest, and also of the principal money of such bonds, and so much thereof as may not be annually required to pay such interest and cannot be applied in discharge of the principal money of said bonds, shall be so invested as to secure the payment of such principal money upon maturity of said bonds. For the purpose of securing the due investments of the amount to be collected from year to year and applicable to the payment of the principal money of said bonds, the Board of Commissioners aforesaid shall appoint some suitable person to be styled "Commissioner of the Sinking Fund of the City of Raleigh," whose duty shall be, under such general rules and regulations as said Board of Commissioners shall from time to time prescribe, to make investments of so much of the taxes collected as aforesaid as shall be applicable as aforesaid to the payment of the principal money of said bonds, and to do and perform all such other services in connection with the debt of the City of Raleigh as said Board of Commissioners may prescribe, and such Commissioner shall give bond, and receive such compensation for his services as said Board of Commissioners may determine.

SEC. 3. That none of the bonds authorized to be issued by the first section of this Act shall be disposed of either by sale, exchange or otherwise, for any purpose whatever, other than that declared in said section; nor shall any of said bonds be applied either by sale, exchange or otherwise, in satisfaction, discharge or renewal of any one of the class of debts referred to in said section, until such debt shall have been first duly audited and approved by the Board of Commissioners of the City of Raleigh.

SEC. 4. The provisions of this Act shall be submitted to a vote of the qualified voters of the City of Raleigh, at an election to be held at the Court House in said City, at a day to be designated by the Commissioners thereof, which shall not be less than thirty days after the ratification of this Act. Those approving the provisions of this Act shall deposit in the ballot-box a slip folded containing the printed or written word "Approved." Those disapproving the same shall deposit a like ballot with the words "Not Approved." If a majority shall vote "Approved," it shall be deemed and held that a majority of the qualified voters are in favor of giving the Commissioners authority to issue the bonds of the City as mentioned in this Act, and likewise to levy and collect the necessary taxes to pay the interest and principal of said bonds as above mentioned. If a majority of said voters shall vote "Not Approved," then this Act shall be of no effect. Those qualified to vote for Mayor and Commissioners of said City, and ward house others, shall be allowed to vote, and the election shall be held and returns made, under such rules and regulations as exist in case of election of civil officers. It shall be the duty of the Mayor to cause a copy of this Act to be posted at the Court House door, and to be published in the Raleigh *Standard* and *Sentinel*, daily for twenty days preceding the election, and he shall publish in like manner a notice of the election. Public notice shall be given of the result of the election.

SEC. 5. The Commissioners of the City of Raleigh shall have power, consistently with the laws of the state, to provide for the registration of voters, and to take all measures necessary and proper for holding the election as contemplated in this Act.

SEC. 6. This Act shall be in force from and after its ratification.

Ratified this 3d day of March, A. D. 1869.

(Signed,) TOD R. CALDWELL, President of the Senate.

(Signed,) Speaker of the House.

THE SENTINEL.

JOSIAH TURNER, *Jr.*, EDITOR.

SATURDAY, MARCH 20, 1869.

THE GENERAL ASSEMBLY.

We are told that the ruling spirits of the General Assembly, seriously claim that their election in April, 1868, at the time of the adoption of the present Constitution, was for four consecutive years and three months, from that time to the first Thursday in August, 1872!! We learn, further, that they contemplate passing a law, claiming their right to hold over until that period, in order to make their acts legal, after their real term of service expires, which will be the first Thursday in August, 1870.

We are ready to admit, that after what that body has already done, nothing it *could* do, would surprise us. Yet we are not prepared to believe after all the unconstitutional, inefficient and corrupt legislation it has done, that it will attempt seriously to so utterly ignore a Constitution which the Radicals may claim *par excellence* to be theirs, as to do that thing. The sins of that body are so enormous, it cannot hope for forgiveness from the people, even though it should now, at this late day, repent of its wickedness and incompetency. But to take this last step would place it beyond the reach of resurrection. Its memory would be hated for all time and its members be branded with infamy to the latest generation.

Let us examine the ground for this claim. We are told it is based upon the construction they put upon the wording of the 27th and 29th sections of Article II of the Constitution. Those sections read thus:

SEC. 27. The terms of office for Senators and members of the House of Representatives shall commence at the time of their election; and the term of office of those elected at the first election held under this Constitution shall terminate at the same time as if they had been elected, at the first ensuing regular election.

SEC. 29. The election for members of the General Assembly shall be held for the respective districts, and counties, at the places where they are now held, or may be directed hereafter to be held, in such manner as may be prescribed by law, on the first Thursday in August, in the year one thousand eight hundred and seventy, and every two years thereafter. But the General Assembly may change the time of holding the elections. The first election shall be held when the vote shall be taken on the ratification of this Constitution by the voters of the State, and the General Assembly then elected, shall meet on the fifteenth day after the approval thereof by the Congress of the United States, if it fall not on Sunday, but if it shall so fall, then on the next day thereafter; and the members then elected shall hold their seats until their successors are elected at a regular election.

It must be evident to the intelligent reader, that the construction put upon the language of the foregoing sections, is a *forced* one, but when we come to construe it legitimately by the tenor of the whole article and other parts of the Constitution, the figment which has gotten into the crotchety brains of these tyros at interpretation, will at once disappear.

What rule does the Article, itself, fix *permanently*, as to the term of service for Senators and Representatives in the General Assembly of North Carolina? Read the following from the II article:

"SEC. 8. The Senate shall be composed of fifty Senators, *biennially* chosen by ballot."

"SEC. 6. The House of Representatives shall be composed of one hundred and twenty Representatives, *biennially* chosen by ballot, &c."

Again:

"SEC. 27. The terms of office for Senators and members of the House of Representatives shall commence at the time of their election, &c."

Now it is evident that the 8th and 6th sections as above, fix, definitely, the rule or principle, that Senators and Representatives shall be chosen or elected every two years. If the framers of the Constitution had intended that the General Assembly elected at the time of the adoption of the Constitution should hold over for *four years and three months* from the time of its election, it would have said so in so many words, unmistakably; but it says no such thing. It must be admitted that the 27th section is clumsily drawn, but it is palpable that it cannot mean what these new constructionists say it means, when it is considered in connection with the 3rd, 6th and 27th sections of the Article.

The object of the draftsman of this 27th section was not to violate or change the principle or rule of the Article as to the time of service of the General Assembly, for the special benefit of those first elected under the new Constitution. No one will pretend this. But his object was simply to get over the difficulty of repeating the election on the first Thursday in August, 1868, so soon after the election in April before.—The day for the *regular* election in this State, was as definitely fixed in the minds of the framers of the Constitution, to be the first Thursday in August, as was the rule that the Senators and Representatives should be elected biennially. What then did the draftsman mean, when he said, "and the term of office of those elected at the first election held under this Constitution shall terminate at the same time, as if they had been elected, at the first ensuing regular election?" Why, he simply meant and the framers of the Constitution meant, that the time, from the election of the General Assembly in April, 1868, until the ensuing first Thursday in August should not be counted or deducted from their two years term, but their two years term should be reckoned, from, and as if they had been elected, on the first Thursday in August, 1868. This is palpable from the phraseology of the 29th section, which directs that the first regular election held for members of the General Assembly after *the first or regular election* in April, 1868, shall be "on the first Thursday in August, 1870." That the Constitution requires an election to be held for members of the General Assembly for the respective districts and counties on the first Thursday in August, 1870, is palpable and cannot be denied. But if the present incumbents have already been elected for the two years between 1870 and 1872, what is that election for?

The whole claim is so palpably absurd and ridiculous, it would be labor lost to argue the case further. We readily agree with Chief Justice Pearson, who says, as we learn, that such a pretence or claim is so preposterous and absurd under the Constitution, that no sane man would entertain it, who had at all considered it.

EDITORIAL NOTES AND GLEANINGS.

1. Tom Corwin of Ohio, was a wit as well as an orator. He not only got off some of the best things of the age both in the humorous and witty line (see his admirable take off of the *late* Gen. Crary of Michigan,) but he also was the occasion of drawing out some excellent wit from others. The following is decidedly clever:

"Having been fined $30 by a judge one day for disorderly behavior in Court, Tom looked all around the Court room, and then addressed the judge: "May it please your honor, I see no one present of whom I can borrow $30 with which to pay the fine just inflicted on me but yourself. Will you be kind enough to lend me the amount?" The judge, foreseeing the probable result of making the loan requested, addressed his reply to the Clerk. 'You may remit that fine, Mr. Clerk. The State of Ohio can better afford to lose $30 than I can.'"

Whilst we are on fun, we give a witticism of H. G. which we find in a Boston paper. The *Tribune* philosopher "so-called," once facetiously recommended Senator Nye to the position of Secretary of the Treasury, "on the ground that he could borrow more and pay less than any man of his acquaintance."

2. This century has been singularly prolific in men of genius. We believe altogether it is as fruitful in mental greatness as any of those that have passed. It is true it has produced no Shakespeare, no Bacon, no Milton, but it has given birth to a Coleridge, a Sir. Wm. Hamilton, and a Byron, to a Shelley, and Scott and De Quincy and a perfect host of writers of great and versatile powers. We have found some pleasant anecdotes of two celebrities—one of the last and the other of this century, which we like so much we here reproduce. In the *Atlantic Monthly* for March (the best of the Northern monthlies,) is an article on "The Foundling Hospital in London." The following anecdotes are told which are certainly very readable. They relate to an annual dinner given by the hospital:

"It was at one of these dinners that Sheridan made what Sidney Smith called, "the best *impromptu* but one" in the English language. Somebody had said there was no word which rhymed with "silver." "Nor to porringer," added John Wilkes, who the more he was hated by the Government was feted by the city people, and was sure to be present at every grand dinner. "Will you bet on that?" asked Sheridan. "Yes." "What amount?" Fifty pounds against a sovereign," replied Wilkes, who, being somewhat heated with wine, was settled that his statement should be doubted. "Done!" responded Sheridan; and, throwing himself back in his chair, in a moment he slowly repeated the following:

"The Duke of York a daughter had,
He gave the Prince of Orange her;
So now, John Wilkes, just pay the bet,
For there's a rhyme for porringer."

The impromptu which Sydney Smith gave preference to over this is the famous one made at Cologne by Samuel Taylor Coleridge, when Dr. Gilman, to test the former's rhyming powers, as well as to avoid the infliction of the usual evening monologue, remarked that Halley, Cowper's friend, in one of his minor poems, had celebrated the grandeur of the cathedral with a very happy choice of words, but had failed in producing perfect rhymes to "St. Gereon Church," and to "Rudescheimer" wine—two things one has often on one's lips when in Cologne. "It's very easy," remarked Coleridge: "Hayley should not have faltered there. See here:

"Since I am a rhymer,
And now at least a merry one,
Mr. Mum's Rudescheimer,
And the church of Gereon,
Are the only two things that are worth being known
In this body-and-soul stinking town of Cologne.'

This reminds us of an assertion of S. T. C. He said that he had so cultivated his olfactories, that in a certain continental city he was able to detect "seventy distinct stinks." The most remarkable thing was, that the place referred to, was the city of—Cologne.

ALAS! THE POOR INDIAN.

Our government is extending its Indian troubles. It has not incurred enough expense in fighting certain tribes with which we have been at war for some time, but it stands a good chance of enlarging operations and of having more trouble on its hands. What is the matter with our Indian policy? The Alaskans were peaceable as long as they were under Russian rule, but as soon as they became a part of "the best government under the sun," bad blood is stirred and war begins. The New York *Times* (Radical) says:

We are disgusted at having further accounts of trouble and fighting with the wretched Indians of our new dominion of Alaska. Both the army and the navy go at them this time, and, after some firing and killing, a chief was captured. The following detestable items of news also occur in the despatch:

If there is bad feeling between our "military" and the Indians, then it is the fault of our "military;" for there was no such bad feeling between the Russian "military" and the Alaska Indians when the Czar held the country. We are very glad that our men of war "cannot get near enough" to the Indian villages to shell them. It is an abominable thought that we have only extended our dominion to the North Pole as a means of butchering the miserable people who have built their huts around it for the last thousand years. Are we a Christian people, or are we savages? Let Secretary Borie and Secretary Rawlins take our overofficious "military" and men-of-war in hand.

THE FIFTEENTH AMENDMENT.

There seems to be a difference of opinion as to whether the XVth. Amendment will become a part of the Constitution of the United States or not. We had supposed it would be adopted at once, but from recent developments it seems not improbable that it may be defeated after all. It is a bitter dose for the Northern people to swallow, and General Grant adds nothing to his certainty of re election in 1874, by giving in his hearty indorsement to it. It is quite possible now to defeat it. The following speculations are from the immortal Forney. He says in his Philadelphia paper, the *Press:*

"The Fifteenth Amendment, from present indications, will be a part of the national Constitution within two years, and even within a year if Georgia should confirm it, and Virginia and Mississippi be reconstructed in time for admission at the December session.

There are thirty-seven States. Twenty-seven and three quarters are three-fourths of the whole. Of these the following are controlled by the Republicans: Alabama, Arkansas, Florida, Illinois, Indiana, Iowa, Kansas, Louisiana, Maine, Massachusetts, Michigan, Minnesota, Missouri, Nebraska, Nevada, New Hampshire, New York, North Carolina, Pennsylvania, Rhode Island, South Carolina, Tennessee, Vermont, West Virginia and Wisconsin—25.

The last Connecticut Legislature was Republican, and it is supposed another also Republican will be elected next month.—The present Democratic Legislature of Ohio is an accident that will certainly be cured at another election.

The three votes necessary to complete the work, are to be got from Connecticut, Ohio, Virginia, Mississippi, Georgia and Texas."

Georgia, one of the States mentioned, has already voted against it. Others will probably follow.

HOUSE OF REPRESENTATIVES.

AFTERNOON SESSION.

FRIDAY, March 19, 1869.

Mr. Malone from the Committee on Judiciary, reported favorably upon the bill to amend section 105 Code of Civil Procedure. Placed upon the Calendar.

Mr. Barnett from the Committee on Corporations, reported favorably upon the bill to incorporate the Fayetteville Co-operation Land and Building Association. Placed upon the Calendar.

UNFINISHED BUSINESS.

Bill appropriating $12,000 to the University.

Mr. Pou moved to lay the bill on the table.

The House refused to lay on the table by the following ballot:

YEAS—Messrs. Armstrong, Bunner, Clayton, Davidson, Durham, Gibson, Green, Hawkins, Hicks, High, Hinnant, Hodnett, Hudgins, Ingram, Jarvis, Justus, of Henderson, Malone, McCanless, Morris, Nicholson, Painter, Pou, Proffitt, Smith, of Alleghany, Smith, of Wayne, Snipes, Sweat, Vestal, Welch, Williams, of Harnett, Williams, of Sampson, and Wilson.—33.

NAYS.—Messrs. Allison, Ames, Argo, Ashworth, Barnett, Blair, Bowman, Carson, Cawthorn, Downing, Ellington, Farmer, Forkner, Foster, Franklin, French, Graham, Gunter, Harris, of Wake, Hayes, Hodgin, Hoffman, Humphries, Lollin, Leary, Long, of Richmond, Moore, of Chowan, Pearson, Peck, Proctor, Ragland, Renfrow, Reynolds, Sessoms, Sneed, Stanton, Stilley, Sykes, Thompson, Vest, White, Wilkie, and Williamson.—44.

Mr. Vestal moved to postpone until the School bill was passed.

Mr. Durham said he hoped the motion to postpone would prevail. He was opposed to giving a single cent until the Common School bill was passed. He did not think it was just to the people of the State to vote money to support to idleness a half dozen Professors. There were, probably, about a half dozen pupils entered at that Institution up to the present, and there was no reason why this large sum should be appropriated. The Constitution made the University a part and parcel of the Common Schools. Yet this bill proposes to give money to the University as a separate establishment, when there is no necessity for it under the sun, &c.

Mr. Ellington opposed the motion. He thought the gentlemen of the opposite side were trying to make this a party question, &c. They (the Republicans) should unite upon this measure, and if there was ever a time when the party lash should be cracked, it was now, &c.

Mr. Vestal said he made the motion to postpone, for he thought the poor people of the State should be protected. He concurred with the gentleman from Cleveland (Mr. Durham) in thinking that the Common School bill should pass before this appropriation was made, &c. No party lash should be cracked over his head. He wished it to be distinctly understood, that he was no Radical Republican, but a moderate one, and when a measure was presented he thought right and proper, he should support it whether it emanated from a Democratic or Republican source, &c.

J. S. Leary, colored, also favored the motion to postpone.

Messrs. French, Harris, of Wake, colored, and others opposed it.

Mr. Ingram favored the motion to postpone.

After a lengthy debate, Mr. Vestal called the previous question.

The call was sustained, and the motion to postpone was adopted by the following ballot:

YEAS.—Messrs. Armstrong, Ashworth, Carson, Clayton, Davis, Davidson, Durham, Farrow, Forebes, Gibson, Green, Gunter, Hawkins, Hendricks, Hicks, Hinnant, Hodnett, Humphries, Ingram, Jarvis, Kelley, of Davie, Kelley, of Moore, Leary, Long, of Cantham, Malone, Mayo, Moore, of Alamance, Morris, Nicholson, Painter, Pou, Price, Proffitt, Robbins, Siegrist, Smith, of Alleghany, Smith, of Wayne, Sweat, Vestal, Welch, Williams, of Harnett, Williams, of Sampson, and Wilson.—45.

NAYS.—Messrs. Allison, Ames, Argo, Banner, Barnett, Blair, Bowman, Cawthorn, Cherry, Downing, Ellington, Forkner, Foster, Franklin, French, Graham, Harris, of Wake, Hayes, Hodgin, Hoffman, Hudgings, Lollin, Long, of Richmond, McCanless, Morring, Moore, of Chowan, Parker, Pearson, Peck, Proctor, Ragland, Renfrow, Reynolds, Simonds, Snipes, Stanton, Stilley, Sykes, White, Wilkie, and Williamson.—41.

On motion, the House adjourned.

SENATE.

SATURDAY, March 20, 1869.

Mr. Brogden, from Committe on Finance, reported back number of bills, which were placed on the Calendar.

Mr. Boseman, from same Committee, reported favorably on bill to authorize the County of Stanly to levy a special tax.

Message from the House, transmitting a number of bills for concurrence.

On motion of Mr. Sweet, the rules were suspended, and the bill known as the Co-operative Land and Building Association of Raleigh, was read a second and third time, and passed.

Mr. Sweet, for the information of Senators, detailed the immense advantages to result from the formation of this Company, to men of limited means, in procuring homes.

The rules were suspended and the bill incorporating the New Hanover Laborers' and Farmers' Association, was taken up and passed its several readings.

On motion of Mr. Martindale, the rules were suspended and the bill to charter a Railroad from Plymouth to Wilmington was taken up and read the second time.

Mr. Shoffner moved to amend the bill, providing that the bill be submitted to a direct vote of the people for approval. Rejected.

The question recurring on the passage of the bill on its second reading resulted yeas 21, nays 11.

Mr. Welker gave notice of a bill to incorporate the Greensboro' Land and Co operation Association.

The bill to charter a Railroad from Elanton to Suffolk was read a second time.

Mr. Shoffner offered the same amendment to this bill that he did to the Wilmington and Plymouth Road.

Mr. Shoffner said he expected the amendment would be voted down—he desired to make a record of this matter as a Representative of the people—he was opposed to taxing the people, without their consent.—He referred to the Convention that passed the ordinance of secession, and the action of that Convention withholding from the people the privilege of voting on said ordinance. He characterized the ordinance and the action of the Convention as diabolical, &c.

Mr. Martindale reminded Mr. S. that the war was over, and had nothing to do with the bill before the Senate.

The amendment was rejected. Yeas 11, nays 29.

The question then recuring on the passage of the bill—resulted in yeas 20, nays 10.

Resolution directing the Treasurer to pay R. S. Tucker and others, certain claims held by them against the State, was taken up, read, and debated at length.

Mr. Lindsay advocating the justness of the claims—Mr. Brogden, in a lengthy speech, opposing them, and charging Senators with having been button holed by Mr. Tucker, invited to his store, and thus influenced to believe the claims just.

Mr. Welker replied, sharply to Mr. Brogden—he, Mr. W. denied that he had been "button holed"—he referred to Mr. Brogden's position as a State officer during the rebellion—now, Mr. Brogden had turned State's evidence, and such evidence, he was disposed to doubt.

He characterized Mr. Brogden's attack upon Mr. Tucker—by calling him, Tucker, a Shylock and Sharper—as indecent and unkind.

Mr. Davis defended his position, as a friend of the claims—the evidence, that the claims were just, satisfied him, &c. He looked upon the attack of the Senator from Wayne upon Mr. Tucker and others, in calling them Shylocks and sharpers, as rather unmanly.

The argument of Mr. Davis, was urged with force and earnestness on behalf of the claims, while he would repudiate all claims in favor of the rebellion.

Pending, its consideration, the Senate adjourned.

POLICIES ISSUED AS GOOD AS UNITED STATES BONDS.

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only Company in the country which guaranties a definite surrender-value to every Policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is endorsed on every Policy issued. Should any Policy-holder become unable to pay his premiums, he can thus know the cash worth of the Policy at any time after two annual premiums have been paid.

This certainly is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN, which thoroughly evince the determination of the officers to make it the MOST LIBERAL Life Insurance Company in the United States, are:

1st TOTAL REMOVAL OF ALL RESTRICTIONS ON TRAVEL AND RESIDENCE. The Assured may travel or reside anywhere they choose, the world over without extra premium or special permit.

2d. A LOAN of one-third of the Premium to the Policy-Holder Annually.

3d. All Policies are non-forfeitable after two full annual premiums have been paid.

4th. Rates as low as are consistent with financial soundness, and less than those of almost all Companies which accommodate their assured with loans.

5th. Dividends annually (after second year) in cash. Dividends are divided on the CONTRIBUTION PLAN—the only equitable manner of dividing the earnings of a Life Insurance Company. The Contribution Plan was first conceived by Mr. D. P. Fackler, now Actuary of this Company and has been adopted by most of the best managed Life Companies in this country.

The BROOKLYN LIFE has paid and now pays to its Policy-holders LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

6th. Promptitude in paying losses.

7th. No charge for policy or stamp.

The success which the "BROOKLYN" has achieved, fully exemplified in its rapid and healthful growth, is a convincing proof of the confidence reposed by the public in its soundness, integrity and liberality.

CAUTION! We desire to warn the dealers in, and consumers of Snuff generally, that since the war, certain Tobacco Manufacturers, being unable to find a market for their snuffs, felt themselves obliged to counterfeit the general appearance of our packages and imitate our Trade Marks so that a close inspection is necessary to detect the spurious article from the genuine, and others going so far as to assert that "Lorillard's Snuff is no longer made."
In making this publication we desire to warn the public against the impositions practiced upon them, as they are the losers thereby. It will be found, upon comparison, that Lorillard's snuff is "far ahead" of all others being made of the best stock, after an original and secret process known only to ourselves, besides possessing great age, strength and pungency, and is warranted not to contain any dangerous or deleterious substances, which cannot be said of many worthless articles put on sale by others. The best is the cheapest in the end. A circular will always be mailed on application. In ordering please specify if Salt Snuff, (High Toast,) or Fresh Snuff (Extra Scotch) is desired.

IMPORTANT TO MILL OWNERS.
IN ORDER to accommodate the Milling public with "GODWIN'S PATENT VENTILATOR AND BOLTING CLOTH CLEANER," the undersigned has reduced the price of his Smut Machines to $75. The two will be combined. This important invention guards against damp wheat and damp weather, thoroughly cleaning the Cloth each revolution the Reel makes, and filling the Reel all the time with cold air. Send back your old Machine and have them renewed thereby saving the price of a new machine. They will be returned and warranted for four years. In no case buy a Smut Machine without writing to me first, as there are Machines now being sold as McMannen's Smut Machines which are only an imitation.

We again request the City Pastors to advise us of any changes necessary to be made.

The Brooklyn Life Insurance Company is second to none of the old Companies in energy, liberality and promptness in paying losses. It is conducted with great vigor.—See the advertisement of Capt. A. W. Lawrence, General Agent for N. C.

The Ætna Insurance Company, W. H. Crow, Esq., of this city, General Agent for North Carolina and for Virginia, South of the James, is still in the field doing a very large business. Some important changes have been recently made—specially in adopting the non-forfeiting plan. See advertisement.

The Liverpool, London and Globe Insurance Company is as good a Company as there is in the world. This language may seem strong but it is true. See the advertisement of the Agent, P. F. Pescud, Esq., of this city.

WHITMAN'S TROUPE.—The rendition of the White Fawn by this Company, last evening, went off with great *eclat*. The machinery and scenery were in full operation and some grand and imposing effects were produced. The Transformation was gorgeous and beautiful in the extreme, rivaling one's conception of Fairy Land, and far exceeded anything of the kind ever before produced in this City. The various actors discharged their respective *roles* very creditably and the *ballet* was highly artistic.

To-night,—the last of this Company's engagement here,—Undine will be rendered. It is said to be a most charming play, and will doubtless draw a full house.

MAIL FAILURES.

It is not the fault of our office or the Post office that the "Sentinel" for Charlotte or Salisbury does not arrive. We *know that* positively as our papers are not generally sent to the city Post office, but directly to the cars. The man with the "willow" basket may watch out. We have reason to believe that our papers are NOT delivered.—We have some intimations that may bring trouble yet on some one, so look out. We hope Dr. Jobe will look into the matter at an early day.

TOURNAMENTS seem to be the rage just now. Immediately upon the close of the war they became almost universal, and we thought that there might be some excuse for them then, as the young men had just "returned from the wars" and naturally craved some excitement. But at this late day, they appear to us as only very ridiculous. We do not know anything more absurd than to see "grown up men" riding at a break-neck pace, with long poles in their hands, trying to poke them through an old martingale ring. Yes, we do know something more ridiculous even than that, it is to see hundreds of people leaving their homes and business, and going miles to look at these men carry their poles and tilt at the said old martingale ring. "A little nonsense" may do "now and then," but so much "nonsense" is — unbearable.

The "hands" were at Tucker Hall again last night. If there is anything in the world they are *specially* fond of it is — a show. Mr. Ingram was right, when he charged, that when they changed the night sessions to afternoon sessions, they only did so that all hands might go to the show.

CHARLES' LONDON CORDIAL GIN,
Or Pure Liquor of Juniper Berries.

This favorite brand of Pure London Cordial Gin, has stood the test of time, imitation, piracy, high tariffs and unfair competition, and still enjoys a constantly increasing sale; showing that true merit does not always go unappreciated.

'CHARLES' LONDON CORDIAL GIN

is offered to the public as a perfectly reliable specific in all cases of DISEASED BLADDER and KIDNEYS. It acts directly on these organs, with a directness and speediness which render it invaluable to persons suffering from GRAVEL, DIABETES, INFLAMED BLADDER, scanty and highly colored urine, and in all cases where, from whatever cause, a healthful diuretic is required.

Ladies subject to painful menstruation, can by the use of Cordial Gin a few days previous to, and during illness, obtain great relief. In such instances it should be taken with sugar and warm water.

As a tonic and beverage this Gin is unequalled, as it possesses none of the headache properties to be found in those poisons, now so frequently sold under the names of Gin, Brandy, Whiskey, &c.

OPINION OF JUDGE BROOKS.

THAT JUDGMENT IS NOT A LIEN ON BANKRUPT'S PROPERTY—CIVIL A LEVY.

In the matter of Milton McIntosh, Bankrupt.

At Elizabeth City, in the District of North Carolina on the 3rd day of March, 1869.

By the case argued in this cause by D. G. McRae, assignee of Milton McIntosh and Henry Lilly as creditor of said Bankrupt, this question is first presented. "Does the issuing of a writ of Fieri Facias to the county in which the lands of the defendant are situated, upon a judgment recorded against such defendant in the County Court of another county, tested of March Term, 1861, and returnable at June Term 1861, of said Court, create such a lien upon the real estate of the defendant as will be respected and enforced by the bankruptcy Court, the said defendant having been subsequently declared a bankrupt upon his own petition in the month of March, 1868."

It is now settled in North Carolina that a judgment does not create a lien in favor of the plaintiff upon the property, either real or personal, of the defendant, nor does the issuing of a Fieri Facias upon such judgment create a lien. In this respect we are governed by the Common Law. In many of the States it is different, but it is made so by the statutes of those States. The law is also now different in North Carolina. It was the case long before in this State, that if a plaintiff obtained a judgment, issued his Fieri Facias and the same case to the sheriff of a county in which the defendant's property was situated and the sheriff *levied* upon such property, that such *levy* related back to the test Term of the execution and created a lien upon the property levied on, from the beginning of said Term, for the satisfaction of the plaintiff's debt.

But without a *levy*, the only execution issued in this case, became a dead process after the return day, to wit, the Monday of June Term, 1861. Subsequent to that time the sheriff was not authorized to do anything by that process; and if a year and a day elapsed from the issuing of another execution, the judgment became dormant, so that no Fieri Facias or other final process could issue without a revival of the same.

A Federal Court is asked to declare that a lien has been created in behalf of the plaintiff Lilly, and to enforce such lien by ordering the assignee to pay to the said plaintiff the proceeds of the sales of the Bankrupt's property or sufficient to satisfy his judgment.

This the Court would do, if by the course pursued by the plaintiff he had by the laws of North Carolina acquired a lien, and had preserved such lien up to the time of the bankruptcy of the defendant. That the plaintiff never acquired such lein I think is very clearly shown in the leading case of Smith vs. Spencer, 3rd Iredell's Law, page 258, and this, since the very able and Elaborate opinion of Judge Ruffin in that case, has been regarded as the settled law in North Carolina.

It is unnecessary to decide the second question propounded, as it is in effect determined by the answer to the first.

3rd. In answer to the 3rd question submitted, I state that the Register cannot order or permit the withdrawal of a proof of debt after he has passed upon the same, allowed, certified and transmitted same to the Assignee.

Let this be certified to Wm. A. Guthrie Register.

(Signed,) G. W. BROOKS.
District Judge.

JOHN W. HINSDALE, Attorney for creditor.

LIFE INSURANCE.
NATIONAL
LIFE INSURANCE COMPANY,
OF THE
UNITED STATES OF AMERICA,
WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,
$1,000,000,
PAID IN FULL.

This Company, National in its character, offers, by reason of its large capital, low rates of Premium, and New Tables, the most desirable means of insuring life yet presented to the public.

The rates of premium being largely reduced, are made as favorable to the insurers as those of the best Mutual Companies, and avoid all the complications and uncertainties of Notes. Dividends and the misunderstandings which the latter are so apt to make the Policy-holder.

Several new and attractive tables are now presented, which need only to be understood to prove acceptable to the public, such as the INCOME-PRODUCING POLICY and RETURN PREMIUM POLICY. In the former, the policyholder not only secures a life insurance, payable at death, but will receive, if living, after a period of a few years, an ANNUAL INCOME equal to ten per cent. (10 per cent.) of the par of his policy. In the latter the Company agrees to return to the assured the total amount of money he has paid in, in addition to the amount of his policy.

The organization of the Company on the LOW RATE, CASH PLAN, with new features and unequaled security, has created the most remarkable opposition from older and rival Companies, by means, fair and unfair, they have sought to injure the new system, and have attacked it with a degree of virulence unknown in the history of Life Insurance.

Not satisfied with the numerous items of money paid Insurance and other journals, to try and check the rapid progress of the National, an unsuccessful motion was made in Congress to repeal its Charter, all of which but accelerated its speed, for since then, the largest policies issued has been to members of Congress, whose attention has been thus attracted to its unsurpassed advantages. In the face of this opposition, the work of the Company has gone steadily forward, and it is with no little satisfaction that the GENERAL AGENTS are able to state that the business to date is far in advance of anything hitherto accomplished.

In Six Months 3,000 Policies have Been Issued.

INSURING, IN ROUND NUMBERS,
$10,000,000.

The attention of persons contemplating securing their lives, or increasing the amount of insurance they already have is called to the special advantages offered by the National Life Insurance Co.

CASH POLICIES!
CASH DIVIDENDS!
DIVIDENDS PAID ANNUALLY, COMMENCING AT THE END OF THE YEAR.
Dividends may be used to reduce the annual Premium, or increase the Cash value of the Policy.
NON-FORFEITING CASH PLAN.

The Ætna issues Policies on the various forms of whole life and endowment plans, with dividends on the contribution plan, which may be applied to the reduction of each annual premium after the first, or the full premium may be paid each year and the dividends applied to reduce the number of annual premiums, together with the period fixed for the maturity of the insurance; so that endowments can be paid to the insured before the time originally specified, and life policies before death.

By this plan of applying the dividends to lessen the cost of the insurance in the original policy, instead of increasing the amount of insurance, and of course its total cost, and the policies will become self-sustaining much sooner than in other companies; and in case of inability to continue payments, give a larger paid-up policy.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of the sum insured and paid in cash, and upon surrender of said Policy the sum insured thereby will be paid in *full*, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but, at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

The New York *Insurance Monitor* says of the ÆTNA:

"No Life Insurance Company ever achieved a more complete success as this popular institution. Its popularity is since the unprecedented in the annals of commercial enterprise in this country."

NEW ARRANGEMENT.

The RALEIGH SENTINEL having passed under the Editorial management of the undersigned, it will, from the present date, be conducted by him.

It will be the zealous and fearless advocate of the CONSTITUTION of the United States, seeking to bring the people back to their ancient reverence for that immortal instrument, and to restore the policy of the country to that honored standard, as the only guarantee of National prosperity.

It will do justice to the men and measures of the present day, whenever they may merit it, but it will unsparingly lash and denounce all who set themselves up in opposition to the Federal Constitution, and hold up to the public indignation corruption and imbecility in high places.

It will ardently seek the promotion of the best interests of North Carolina,—moral, educational, material and political.

THE LATEST NEWS

From every quarter, both by mail and telegraph will be carefully collated and presented.

Full and correct market and financial reports will be given.

NEW METHOD OF WASHING CLOTHES
WITHOUT LABOR.

THE AUTOMATIC
CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any Stove or Range, in any boiler, and the low price of the article places it within the reach of every family.

This Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

The hot suds and steam, by the action of heat, are driven up through tubes, poured upon the clothes, and forced through the fabric with astonishing rapidity, cleansing all articles, from the finest laces to the bed-blanket. For Flannels it is invaluable, as it does not full them as in the old process of rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred gallons of boiling suds are forced through the fabric, thoroughly loosening and eradicating the dirt WITHOUT LABOR or friction.—A thorough rinsing finishes the process.

Washing day will no longer be a terror and dread to housewives. The cost of the Boiler will soon be returned in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.

No invention has met with such ready sale and given such satisfaction. Call at LOUGEE & BROTHER'S, and see its wonderful operations.—We have the exclusive right to sell and manufacture in the state.

Some say they bought goods before the rise—some after the decline—some just in time—some in luck again—some buy goods cheaper than anybody else—some selling goods at unprecedentedly low prices—some controlling the trade, &c., &c., and all such stuff. What a lucky set of individuals!

Now just let ME tell you, that there is more humbug than poetry in all this. Don't every man, woman and child know that it is humbug—large enough to be seen even with one eye shut? So let them talk, puff and blow, but STOP, LOOK OUT! HANDS OFF! and show your good judgment by
